In Mexico since 1971

January 2020

On January 11th all of our workers came together for food and fellowship. We discussed the outcome of 2019. We also discussed our plans for the ministry in 2020.

Manuel is still trying to get the church in Nuevo Laredo stabilized. We have taken our seminary to online schooling. We have 347 seminary students studying off campus. We also are working on a diploma program for every three months of study. Manuel and Tina send out 2000 daily bible devotions per week. We have had souls saved, and some are ready to be baptized. The ministry has grown so much this past year that sometimes its difficult to keep up with.

Christmas was a tremendous success. There were enough offerings given for us to purchase everything that the kids needed. We should have enough clothing to last them through the year. We wish to thank every church and individual who sacrificially gave. Lupe and the kids pray for you every day.

As always, we thank you for your prayerful, financial support, and confidence in our ministry.

For Souls in Mexico
