In Mexico since 1971

February 2020

On the last week of January Manuel, Tina, Lupe and myself meet for food, fellowship and to plan for work in February, March and the coming summer.

Manuel believes that the mission in Nuevo Laredo will be ready to organize into a local church about the first of May. The church has a pastor, someone he led to the Lord a few years ago, and his name is Pedro.

Pastor Manuel is giving him intensive doctrinal and theological training, Manuel has complete and total faith that Pedro can do the job.

As soon as the church is organized Manuel and Tina will return to Acuna and continue with the mission. He meets with them once a month and has at least two days of services.

We are going to buy the house where Manuel and Tina live in Acuna. We have made the down payment and will make monthly payments until the house is paid for.

He has drawn up plans to build the church building in his patio and put a second floor on it which will extend over his house and it should seat at least 50 people.

The mission in Atlanta Georgia is averaging 80, half of those attending are teens and young adults. Manuel and Tina's son Carlos is overseeing the church, and his grandson Dylan is the youth director.

They have no where to meet so they go to the city park and meet under shade trees. If it's raining or snowing they have to make other arrangements.

The children's home is doing great. We have had a few minor illnesses but that is all. All of our kids are B students. Director Lupe does not give them a choice.

We have a busy summer ahead of us and we ask for your prayers.

Thank you for your prayerful and financial support and confidence in our ministry.
