In Mexico since 1971

October 2021

Lighthouse Baptist Church Acuna, Mexico had its second baptismal service, followed by their first communion. It's a real blessing to see these people from being lost to the point of their first communion. Thank you for your support that has helped us get to this point.

One of our supporting churches sent an offering. We will start making the support columns for the second floor just as soon as our contractor finishes his current job that he is working on.

Pastor Manuel has been suffering from chronic vertigo. Please pray for him.

Christmas is not far away. The cash donations have helped in years past. Because of the border closings, Covid, and all the other nonsense that we have to put up with we are able to purchase exactly what the kids need for Christmas. If you would like to help, please mark your offering Christmas and send to our Del Rio address, if possible.

You have always been very generous with our ministry this time of year. I know this year will be no different. THANK YOU!

For Souls in Mexico
